

TCM Forklift Parts

TCM Forklift Parts - In the international business of material handling, lift trucks play an important part for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread worldwide.

Initially founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming recognized as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM started building forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures various models of industrial lift trucks with over 50 years of accumulated expertise and technology, making their products used and recognized all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading business.
